February 26, 2013

**Senate Bill 891 – An Act Amending the Definition of  
Managerial Employees.**

My name is John Booth, DSFUPM at Southbury Training School. I am in support of SB891. I feel all managerial employees should have the same rights and benefits as collective bargaining unit employees. As a Manager I have not received a pay raise in the past six (6) years, nor am I entitled to compensation benefits when I perform Manager On Call responsibilities for the entire West Region. I appreciate your support and assistance with managerial employees to receive their entitled rights.

Thank you.
